## The Art of Animal Development

What Students Did	Processes of Development	What Happens In/To the Cell

### Follow Up Questions

1. Compare your design with another student who made the same design.
  - How are they similar?
  - How are they different?
2. Compare different designs.
  - Did everyone use the same tools?
  - Are the designs the same?
3. What would happen if you were missing some of the tools?
  - What would be the consequences of removing the scissors vs removing the blue colored pencil?
  - What if you were given a different colored pencil?
